Rental Application For Stage and Events

- The cabinet and module adopt high permeability, light and thin design, up to 75%. High Transparency, and Fast installations fix for multiply stage rental using

Appearance

COMPACT APPEARANCE

- Fancy slim cabinet design, and high transparency plexiglass materials, light weight with very see-through, create the open view in large space indoors, and make advertising emerge into architecture and life.

Hiding Installations

Better visual, Beautiful and tidy

- The module and box structure adopt a highly transparent and compact design. The width of the back power supply and the system box is only 35mm at the thickest part of 55mm.
- The screen body will be hidden after installation, which makes the permeability higher.

Curve Application

Design for special appearance

- Aluminum profile cabinet which is lighter and thinner
- It's only 5.2kg/sqm light which can achieve better wall mounted effect;
- Curve design which fit for multiply walls and appearances

INTENSITY FRAME

Intensity structure and High precision waterproof promise the screens long working life

Fast Installation and Maintenance

Easy Module Disassemble, Front Rear Maintenance

Upper & lower connection
